STAS drop ceiling rail

all-in solution for drop ceilings

The STAS drop ceiling rail is an all-in solution for rooms with a drop ceiling. The STAS drop ceiling rail replaces the wooden ceiling tile support strips and the corner profile of drop ceilings, and is equipped with a picture hanging system as well.

Thanks to the innovative profile of the STAS drop ceiling rail, the picture hanging system can be mounted directly on the wall. Corner profile and picture hanging system become one. The suspended ceiling plates can be placed in the profile of the STAS drop ceiling rail. The result is an almost invisible picture hanging system that disappears in the shadow line of the drop ceiling.

The STAS drop ceiling rail can be used with the STAS cords with cobra.

Features

Dimensions	31 x 35 mm
Length	200 cm
Colour	white (RAL 9016)
Material	aluminium
Installation	wall mountable
Weight capacity	25 kg/m
Warranty	5 years

STAS products TÜV certified

STAS strives day after day for products of the highest quality. To guarantee the quality and independence of products, STAS has commissioned TÜV Netherlands for the testing of its products. TÜV Netherlands is an independent and recognized body that assesses the quality of products according to a set standard and has extensive experience in the field of product safety and product inspections. Under the direction of TÜV, a large part of our range of products has been tested for quality and correctness of the specified features. All products where the TÜV logo is shown, have actually been tested by TÜV Netherlands and approved for the capacity that is stated in the features of that product.

Important note regarding warranty and liability

Products of STAS must be installed and used only in strict accordance with the latest version of the STAS picture hanging systems installation guide, available for download at www.stasgroup.com. It is the responsibility of the installer to select the correct fasteners for the particular installation. Improper installation, misuse, misapplication or otherwise failing to completely follow seller's instructions and warnings may cause product malfunction, property damage or personal injury.
