

# STAS multirail<sup>®</sup> 12V (PLUS) display

bright picture hanging systems

## STAS quality and innovation

STAS picture hanging systems has proven itself to be the world's most innovative manufacturer of high-quality picture hanging systems. STAS only uses the best materials and closely controls every step of the production process. Our products have been awarded no less than 20 unique patents. The STAS smartspring was even awarded a gold medal at the Inventors' Convention in Geneva and the STAS cobra has won a Good Industrial Design Award. The STAS minirail won the 'Best Product Design Award for Decorative Accessories'. That is why STAS products are used all over the world in both family homes and in businesses, educational institutions, government buildings and the most prestigious museums and galleries.

## product description STAS multirail display and multirail PLUS display

Would you like to offer your customers something extra, place a STAS multirail display or multirail PLUS display in your store. It shows a full range of STAS multirail products to your customers. With a display of STAS you distinguish yourself and you generate extra sales.

## hanging and lighting system in one!

The various blisters show the product perfectly and are very informative. Both displays includes a sophisticated range, and your customers can easily choose their own hanging system to their needs. All information about the STAS multirail system and the various products can be found in the product folder. The multirail PLUS display is additionally equipped with 3 pieces STAS multirail start kits. The display is very light but solid and stable at the same time. Please contact us about the possibilities for placement in your store.

## STAS multirail 12V system

The STAS multirail system is a worldwide patented painting suspension system equipped with 12 volt wiring. This revolutionary system gives you a suspension system with an unprecedented number of possibilities. Hanging and lighting in one system!
