

STAS windsor & riva

bring a piece of nature into your home

In addition to aluminum rails, STAS also offers wooden rails in 2 different models. The STAS windsor is elegant and warm where the STAS riva has a more robust look and feel. Two distinctive models, suitable for any interior! Both models are easy to use and each has a different profile for which fitting hooks are available.

Our wooden rails are made out of Ayous wood and are FSC and PEFC certificated. Ayous wood differs from other wood since it does not deform or splinter, and is perfectly suitable to repaint because of its smooth texture. Perfect wood for your picture hanging system! Can be mounted screwed, nailed and glued*.

* The weight capacity of a glued rails is highly dependent on the surface, so care must be taken here. More information on how to best glue our wooden rails can be found on our website www.stasgroup.com

STAS products TÜV certified

STAS strives day after day for products of the highest quality. To guarantee the quality and independence of products, STAS has commissioned TÜV Netherlands for the testing of its products. TÜV Netherlands is an independent and recognized body that assesses the quality of products according to a set standard and has extensive experience in the field of product safety and product inspections. Under the direction of TÜV, a large part of our range of products has been tested for quality and correctness of the specified features. All products where the TÜV logo is shown, have actually been tested by TÜV Netherlands and approved for the capacity that is stated in the features of that product.

Important note regarding warranty and liability

Products of STAS must be installed and used only in strict accordance with the latest version of the STAS picture hanging systems installation guide, available for download at www.stasgroup.com. It is the responsibility of the installer to select the correct fasteners for the particular installation. Improper installation, misuse, misapplication or otherwise failing to completely follow seller's instructions and warnings may cause product malfunction, property damage or personal injury.
