

# STAS signtrack

## a presentation that sticks

**NEW**

With the STAS signtrack you can easily hang advertising, posters and signage (from 0.2mm to 1mm thick). The STAS signtrack is easy to use, due to the sliding mechanism at the top and bottom. Inserted material remains undamaged and a professional presentation is guaranteed. An indispensable addition for shops, offices, catering, conventions and institutions.

The STAS signtrack can be used with the STAS qubics or with the STAS suspended ceiling hooks (in combination with matching cords) to hang from the ceiling. The STAS signtrack can also be used with our many rail systems in combination with the cords with cobra hook for a wall mounting.

**STAS cobra  
with perlon  
cord**

**STAS cobra  
with  
steelcable**

See the separate product sheets for more information about the STAS rails.

# STAS poster strips and poster snaps hanging without framing

## STAS poster strip

The STAS poster strip is a classic poster strip in transparent plastic and is designed to lock posters into position so as to hang them neatly, simply and stylishly. The poster can be slid into the strip from the side.

## STAS poster snap

The STAS poster snap is a more luxurious variant to the plastic poster strip, made from high-grade aluminium. This makes the system ideally suited for presenting canvases, fabrics and heavy posters without taking anything away from the style.

The poster does not have to be inserted from the side: simply click the STAS poster snap open and shut at the top and the bottom.

## Features STAS poster strip

### **STAS products TÜV certified**

STAS strives day after day for products of the highest quality. To guarantee the quality and independence of products, STAS has commissioned TÜV Netherlands for the testing of its products. TÜV Netherlands is an independent and recognized body that assesses the quality of products according to a set standard and has extensive experience in the field of product safety and product inspections. Under the direction of TÜV, a large part of our range of products has been tested for quality and correctness of the specified features. All products where the TÜV logo is shown, have actually been tested by TÜV Netherlands and approved for the capacity that is stated in the features of that product.

### **Important note regarding warranty and liability**

Products of STAS must be installed and used only in strict accordance with the latest version of the STAS picture hanging systems installation guide, available for download at [www.stasgroup.com](http://www.stasgroup.com). It is the responsibility of the installer to select the correct fasteners for the particular installation. Improper installation, misuse, misapplication or otherwise failing to completely follow seller's instructions and warnings may cause product malfunction, property damage or personal injury.
