

STAS magnet sets

cards on a cable

A STAS magnet set consists of a steel cable with cobra and five or ten magnets. Hook the steel cable into your STAS rail. Using the magnets, you can then hang photos, cards and memos on the cable. It's ideal for Christmas cards, birthday cards, to-do notes or temporary displays.

STAS offers a choice of three magnet sets: white, coloured or 2-in-1.

The white and coloured variants of the STAS magnet set cannot be combined with STAS wooden rails, STAS j-rail (max), STAS evoluon and STAS plaster rail. The 2-in-1 variant can be combined with all STAS rails except for STAS j-rail max, and STAS evoluon.

STAS magnet set

The standard STAS magnet set consists of a steel cable with cobra and ten white tripod magnets.

STAS coloured magnet set

The STAS coloured magnet set consists of a steel cable and ten cone-shaped magnets in five different colours.

STAS magnet set 2-in-1

The STAS magnet set 2-in-1 can be used in two different ways. Hook the cable into your STAS rail with the cobra or hang it with a loop onto an edge panel hook or any other hook. This set comes with five cone-shaped magnets in five different colours.
