

STAS evoluon

bends along with you

From now on, curved walls can also be used optimally with the STAS evoluon! The STAS evoluon has been specially developed for curved walls, but this rail is just as easy to mount on straight walls or (slightly) undulating walls.

The rail is bendable and can be bent perfectly proportional along the contours of a wall by means of a supplied auxiliary tool. In this way, the STAS evoluon provides hanging possibilities for difficult and walls otherwise unusable for picture rails.

Features

Dimensions	20 x 3 mm
Length	200 cm
Colour	alu
Material	aluminium
Installation	wall mountable, not adjoining to ceiling
Weight capacity	20 kg/m
Warranty	5 years

For matching hooks and cords, see next page.

Possible combinations

STAS evoluon

max.
4 kg

STAS evoluon
hook + perlon
cord with glider
+ smartspring

max.
15 kg

STAS evoluon
hook + perlon
cord with glider
+ zipper

max.
15 kg

STAS evoluon
hook + steel
cable with glider
+ zipper

STAS qubic (pro)

max.
4 kg

STAS qubic +
perlon cord
with glider
+ smartspring

max.
15 kg

STAS qubic +
perlon cord
with glider
+ zipper

max.
20 kg

STAS qubic +
steel cable
with glider
+ zipper

STAS products TÜV certified

STAS strives day after day for products of the highest quality. To guarantee the quality and independence of products, STAS has commissioned TÜV Netherlands for the testing of its products. TÜV Netherlands is an independent and recognized body that assesses the quality of products according to a set standard and has extensive experience in the field of product safety and product inspections. Under the direction of TÜV, a large part of our range of products has been tested for quality and correctness of the specified features. All products where the TÜV logo is shown, have actually been tested by TÜV Netherlands and approved for the capacity that is stated in the features of that product.

Important note regarding warranty and liability

Products of STAS must be installed and used only in strict accordance with the latest version of the STAS picture hanging systems installation guide, available for download at www.stasgroup.com. It is the responsibility of the installer to select the correct fasteners for the particular installation. Improper installation, misuse, misapplication or otherwise failing to completely follow seller's instructions and warnings may cause product malfunction, property damage or personal injury.
