

## STAS grip-up (on papergrip)

### extra handy

The STAS grip-up is a product that can be mounted in two ways. You can click the STAS grip-up over the STAS papergrip or mount it directly on the wall. In combination with the STAS papergrip, the pleasantness of a wall shelf is combined with the handy clamping mechanism of the STAS papergrip. Place photo frames, books or other decorations on the shelf section and hang notes, drawings and posters from the bottom. This gives you plenty of room for decoration and important papers.

In addition to being used in combination with the STAS papergrip, this product can also be mounted directly on the wall using the STAS grip-up wall clips.

**Tip from STAS:** It is also possible to purchase a length of the STAS grip-up that is shorter than the length of your STAS papergrip, so that only a small part can be used as a wall shelf.
