

wall mounting STAS qubic pro

ceiling mounting STAS qubic pro

STAS qubic pro

flexible in all directions

The STAS qubic pro works the same as the STAS qubic, but is suitable for soft walls such as plaster and sand-lime brick. The mounting plate can be installed with 2 screws which provides extra reinforcement of the STAS qubic pro in the soft wall.

Just like the STAS qubic, the STAS qubic pro can be used in the more difficult places. The versatility of the STAS qubic pro makes it an indispensable hanging system for difficult places with soft walls.

- dimensions 50 x 50 x 24 mm
- aluminium
- alu textured
- ceiling- and wall mounting
- weight capacity 20 kg/m
- 5 years warranty

Important note regarding warranty and liability

Products of STAS must be installed and used only in strict accordance with the latest version of the STAS picture hanging systems installation guide, available for download at www.stasgroup.com. It is the responsibility of the installer to select the correct fasteners for the particular installation. Improper installation, misuse, misapplication or otherwise failing to completely follow seller's instructions and warnings may cause product malfunction, property damage or personal injury.

STAS products TÜV certified

STAS strives day after day for products of the highest quality. To guarantee the quality and independence of products, STAS has commissioned TÜV Netherlands for the testing of its products. TÜV Netherlands is an independent and recognized body that assesses the quality of products according to a set standard and has extensive experience in the field of product safety and product inspections. Under the direction of TÜV, a large part of our range of products has been tested for quality and correctness of the specified features. All products where the TÜV logo is shown, have actually been tested by TÜV Netherlands and approved for the capacity that is stated in the features of that product.
